FOREWORD

Thank you for your interest in a role with the Special EU Programmes Body (SEUPB).

Our approach is simple: We seek the best people, hire them, and provide them with the tools and support they need to realise their full potential. Our role is an extremely important one for society, and therefore we require experience, enthusiasm, and energy to help us contribute to improving the lives of our citizens.

This is an exciting opportunity for a highly skilled and experienced professional to join SEUPB at a pivotal moment in its history, as we implement a new wide ranging funding Programme, and convey the impact that funding has on the lives of the citizens in the region.

We are one of six cross-border bodies set up under the Belfast/Good Friday Agreement, we have the statutory remit for the management of the EU cross border co-operation programmes, and we are currently concluding on two of those Programmes, while mobilising the roll out of the new successor programme PEACEPLUS.

PEACEPLUS is a European Union funding programme supported and developed in partnership with the European Commission, the Governments of the United Kingdom and Ireland and the Northern Ireland Executive, with a value of €1.144 billion. We consider it a privilege, to have this funding package secured for the benefit of our citizens in Northern Ireland and the six border counties of Ireland, especially in this current economic environment.

We have a wide range of stakeholders as we are directly accountable to the North South Ministerial Council, and we report to the European Commission, the Government of Ireland, and the Northern Ireland Executive. We work closely with most of the government departments in both jurisdictions, and key statutory agencies alongside the community and voluntary sector, and the private sector.

SEUPB has three offices, located in Belfast, Omagh and Monaghan.

This booklet provides further information on the key responsibilities of the role you have applied for and sets out the skills and competencies required.

Gina McIntyre

Chief Executive

Special EU Programmes Body

INTRODUCTION

The SEUPB is responsible for the PEACE IV and INTERREG VA Programmes and the current PEACEPLUS Programme for the 2021-2027 period and beyond. Our role is to help facilitate the positive impact that European Regional Development Funding will have on the lives of people living across Northern Ireland and the border counties of Ireland.

We are one of the six cross-border Bodies created under the “Agreement between the Government of Ireland and the Government of the United Kingdom of Great Britain and Northern Ireland establishing implementing bodies” signed on 8 March 1999 (the British-Irish Agreement of 8 March 1999).

The Agreement was given domestic effect, North and South, by means of the North/South Co-operation (Implementation Bodies) (Northern Ireland) Order 1999 and the British-Irish Agreement Act 1999 respectively.

We are responsible to two Sponsor Departments, the Department of Finance (DoF) in Northern Ireland and the Department of Public Expenditure and Reform (DPER) in Ireland, along with the European Commission and the North South Ministerial Council.

SEUPB Mission Statement:

“To improve people’s lives through partnership and cross border cooperation.”

SEUPB Vision Statement:

“We will contribute to the development of a peaceful and prosperous society; striving to continually improve, drive simplicity and inspire our staff to be the best that they can be.”

Our Guiding Principles:

In carrying out our work we will adhere to the following guiding principles:

- We will deliver our mission, striving for excellence at all times. We subscribe to the principle of accountability and are prepared to be held accountable for all that we do.*
- We will act at all times with the interests of our stakeholders, beneficiaries and the public to the fore and demonstrate the highest levels of integrity in ensuring the mission of the SEUPB is delivered.*
- We will demonstrate equality and respect in all that we do and with everyone that we meet and work with.*

THE PLAN FOR 2023-2025

2023 will see SEUPB closing the PEACE IV and INTERREG VA programmes and opening the PEACEPLUS programme.

The PEACE IV Programme, with a value of approximately €270 million, has provided support to projects which focus on four key objectives: Shared Education; Children and Young People; Shared Spaces and Services; and Building Positive Relations.

With a value of €283 million, the INTERREG VA Programme focuses on research and innovation to support economic development and projects under the themes of Environmental Protection, Sustainable Transport and Health Services.

The new PEACEPLUS Programme, with continued commitment and funding from the European Union, the Governments of the United Kingdom and Ireland, and the EU, is valued at €1.1 billion.

The objective of the PEACEPLUS Programme is to build peace and prosperity and leave a lasting and tangible legacy across Northern Ireland and the border counties of Ireland. The Programme will help to address many long-standing social and economic challenges which have, and continue to impact on communities, particularly those in rural border areas, as well as ongoing challenges that exist in urban settings.

PEACEPLUS has been divided into six funded themes:

1. Building Peaceful and Thriving Communities
2. Delivering Socio-Economic Regeneration and Transformation
3. Empowering and Investing in our Young People
4. Healthy and Inclusive Communities
5. Supporting a Sustainable and Better-Connected Future
6. Building and Embedding Partnership and Collaboration.

Each theme aims to address longstanding social, environmental, and economic challenges. Within each theme there are several investment areas – these will have a more specific focus and target organisations such as local authorities or community groups.

It is vital we continue to provide opportunities for our community to interact and get to know each other by playing together and talking to each other. They must also have the very real prospect of living in a sustainable, healthy environment - in peace and without the threat of violence.

We have adjusted and adapted to a new way of working during the Covid-19 crisis and we will continue to assist projects so they can continue delivering the very important work they do. While the impact of this crisis is being truly felt by all of us, we are committed to doing what we can to assist and we understand there will be difficult times ahead, both socially and economically.

As an organisation, The Special EU Programmes Body is constantly striving to improve service delivery in support of our customers.

WHAT WE OFFER

Blended (Hybrid) Working

Financial

To attract, motivate and retain talented people we believe an attractive, flexible and rewarding pay structure is essential. (We therefore offer our employees competitive salaries).

Pension

The SEUPB operates a defined benefit occupational pension scheme (the North South Pension Scheme) worked out on a Career Average basis.

We have outlined some of the key features of the Scheme below.

Generous pension payable for life after you retire which increases in line with inflation*
The pension amount is based on your average salary during your career and the number of years you spend in employment.

The best way to think about the value of the pension is to estimate how much you might have to save to get an equivalent pension privately via another pension scheme. For illustration purposes, as a % of your pay, the cost of an equivalent pension might be up to 40% of pay per year. This annual cost increases with age (i.e. the older you are the greater the % of pay it costs to pay for your pension). So, you'd have to put a significant proportion of your earned income aside to secure such a pension.

As it turns out, typically you are required to make a contribution of between 4.6% and 7.35% of pay per year, with the balance effectively funded by the Northern Ireland Executive and the Irish government. There are other benefits payable too to provide protection to you and any beneficiaries in the event of illness or death.

*Inflation is measured by an index known as the Consumer Price Index (CPI) which measures changes in the price level of a weighted average market basket of consumer goods and services purchased by households.

Holidays NI

We offer our staff an annual leave entitlement of 25 days rising to 30 days after 5 years' service. In addition to this we also offer 12 statutory holiday days.
