

In Norbrook we pride ourselves in being one of the top companies in Northern Ireland and one of the top veterinary pharmaceutical companies globally. We develop & manufacture veterinary medicines, supplying products to 120 countries globally. With a strong portfolio of existing products and significant investment in R&D to launch new products annually, we have opportunities for individuals to join us and develop their career in a global company.

Our business strategy is supported by our Values – Customer Value, One Team, Results Driven, Excellence, Innovation, and Quality – and we support our employees to live the behaviours that creates our culture. Our on-going success is based on the expertise, knowledge and innovation of our employees. If you are interested in joining our team here at Norbrook and supporting our vision, then apply for this role.

Finance Manager

Job Overview

An opportunity has arisen within our Finance department for a Finance Manager. The successful candidate will be a key member of the central finance team, reporting to the Group Financial Controller.

We are looking to hire someone with excellent organisational and analytical skills. Finance Managers are expected to be detail-oriented, knowledgeable on statistics, have strong problem-solving skills, and an investigative nature.

To ensure success, Finance Managers should have a deep commercial awareness, strong numeracy skills, and a keen interest in the growth, efficiency, and profitability of an organization. Top candidates will have outstanding communication skills and superb technical ability.

Main Activities/Tasks:

- Preparation of monthly management accounts for one subsidiary company, including account reconciliations, overhead reporting, payroll preparation, etc.
- Preparation and monitoring of budgets and cashflow forecasts.
- Preparation of VAT/GST returns.
- Review and development of financial controls.
- Valuation and reporting of Group stock on a monthly basis including local manufacturing sites and global subsidiaries.
- Responsible for the preparation and presentation of month-end inventory provision, group stock consolidation, and write off reports to senior management.
- Analysis of purchase price variances, yield, stock ageing, and NRV calculations to provide KPI information to the business and support internal decision making.
- Further develop and refine the current methodology for allocating overheads to individual products.
- Support the annual business planning cycle and assist in year-end stock take procedures & external statutory audit.
- Opportunities will exist for the right person to get involved in other projects across the business (systems development, etc).

Essential Criteria:

Applicants must therefore demonstrate the following essential criteria on their application form in order to be considered:

- Qualified accountant (ACA / CIMA / ACCA).
- Experience in accounting and financial systems.
- Experience in MS office applications including advanced Excel and complex formula.

Desirable Criteria:

Due to the nature of the role preference will be given to applicants demonstrating the following desirable criteria:

- Previous experience of month end procedures.
- Inventory/costing experience gained in a manufacturing environment.
- Experience in dealing with external auditors.
- Experience in preparing budgets.
- Knowledge of BI systems

Duration: Full Time

Location: Newry

Additional Information:

- Applicants should be able to provide proof that they have a right to work in the UK at the time of their application. Applicants who are unable to provide this proof will not be considered.
- We regret that applications received after the closing date and time will not be accepted.

Benefits:
